Also present was Mr. Ray Hauser, Attorney from Hauser Izzo.

SUPERINTENDENT'S REPORT

- ESY has started and all of the programs are pretty full. We are at approximately 90% of our anticipated enrollment. Each year there are always late enrollments.
- One of our families donated more than a dozen tickets to a White Sox game. Students from the Academy went to the game yesterday.

- This year we have seen tremendous support and participation by our families. A great deal of this is due to the success of the Special Olympics program this year.
- Tuition Rates for next year will remain very close to this year's tuition rates.
- We do need to hold extra money in contingencies aside for legal fees and pending legal claims.
- Ms. Rossiter thanked the OC for good working relationships for the past three years.

FINANCIAL REPORT

- As of May 30, 2017 92% of the fiscal year has past and we have expended 96% of anticipated expenditures and realized 93% of our anticipated revenue. Some unanticipated expenditures have occurred in the purchased services. This is due to additional consultants which were paid out of the IDEA Grant, as well as an increase in legal fees.
- We are still waiting for funds from the State to be processed. They have been disbursed to us but not processed yet. One of these payments is the personnel reimbursement for \$600,000. We are also waiting for \$15,000 for transportation and approximately \$1,000 for breakfast/lunch reimbursement.
- There currently is \$3,200,000 in outstanding tuition charges. This is the reason that there is a dip in the fund balance. All of the business managers have been contacted to request that they process the tuition payments before June 30, 2017.
